Subject Re: Harbin mine site cleanup

Matt,

I had not seen this. The project would have no effect on any T/E species. There may be tortoises in the area. If encountered, they should be avoided and left unharmed. Minimize any vegetation destruction.

If you need anything else, let me know.

Subject Harbin mine site cleanup

Tim,

Can't remember if we ever talked about this one or not. Pretty sure I left a copy of the work request (attached) in your mailbox at the end of July, but maybe old age is just catching up with me.
